Those having charge of the work were instructed to submit their report within thirty days, but it was emphasized by Mr. Lasker to-day that no general cancellation of existing charters would be made. Those holdings were listed by the larger company not among securities of owned and controlled companies but in its "participation group" of holdings of corporations doing foreign business whose activities are in accord with the purposes of the American International Corporation. In a previous report it was specifically stated that the corporation assumes no responsibility for and exercises no control over the management of the corporations in which it holds investments of this kind.
